3 PCS 2TB External HDD Technical Specifications

Rugged and portable
Designed with high endurance in mind. The ruggedized case and the anti-slip texture allow you to store and share wherever you go. Two color options, navy blue and purple, make for a stylish, trendy storage experience!

Excellent anti-shock protection
Features a three-stage shock protection system that has passed MIL-STD-810G US military transit drop test to fully protect data stored on the drive. The three-stage shock protection system includes a silicone rubber case, an internal shock-absorbing suspension damper, and a reinforced hard casing.

USB Type-A supported. Durable and reliable.
Utilizes a USB Type-A connector that has undergone 10K plug-unplug tests. High durability means extra protection for your files.

Lightning-fast transfer speeds
Equipped with the USB 3.1 Gen 1 interface, providing lightning-fast transfer rates of up to 5Gbps.

One touch auto backup
Equipped with a one touch auto-backup button that instantly backs up your data with just one press*. The button also enables you to reconnect the hard drive to your PC without the need to unplug and reinsert it.

Extreme protection, advanced security.
Storage devices provide an exclusive disk lock and security functions. With Transcend Elite software, you can protect your entire drive and the files inside with passwords, meeting the high standard of information security.
